### **Christian / Biblical Worldview Resources**

Updated: January 19, 2020

Greetings from the MLBA Scholarship Team,

To be strong and most effective in our Christian lives and witness, we must have a well-developed biblical worldview. A Christian worldview answers questions related to biblical authority; ethical values and morality; the Christian faith as the one true faith; origins and creation; life's purpose, meaning and destiny; human sexuality and marriage; and biblical economics. For an orientation to these worldview components, we have chosen YouTube resources rather than printed books and articles in order for the users to have...

- 1) a variety of biblically conservative, reliable and interesting presenters, most of whom are well known and who have printed publications for further study, if the student wants to invest time in them,
- 2) easily accessible resources that can be viewed in relatively short periods of time,
- 3) no financial cost to our MLBA or to the users.

The presenters and / or the ministries with which the presenters are affiliated are biblically sound. We recommend these resources to our students and to their pastors and churches for careful viewing. Of course, only God's word is infallible, but we think that these resources are excellent.

We retain all of these videos on the viewing list so that those people who will utilize this list can easily move through the list to continue their orientation to Christian / biblical worldview. Hopefully, after the viewing of the top priority videos, each user's appetite will be whetted for viewing other videos that will be easily accessible by simply clicking on the link that is embedded into the email message that we will provide and / or that will be posted on our website [www.motherlodebaptist.org](http://www.motherlodebaptist.org). You may request this listing of worldview resources by contacting the Mother Lode Baptist Association Office, Email: [mngcookxn@gmail.com](mailto:mngcookxn@gmail.com) / Phone: 805-709-1538.

MLBA Scholarship Candidates are required to view the priority videos in Category I. Biblical Authority – The Foundations of Christian / Biblical Worldview before we grant their scholarship. However, we allow the student to watch the required priority videos in the other five categories at a rate of at least one per week until the student has watched at least one video from all six categories. Hopefully, those who watch these first few priority videos will continue through the listings in all of the categories and become consumers of other Christian biblical worldview resources, including books and articles.
